CASH APPLICATION

Maximize straight-through processing

Achieve industry-leading match rates with AI-powered cash application

Billtrust Cash Application transforms accounts receivable by employing confidence-based matching to deliver industry-leading match rates, minimize manual work, and accelerate revenue recognition. Our AI-powered software leverages machine learning to dynamically improve match rate accuracy over time. Automating the cash application process reduces processing time so you can focus on more strategic imperatives. Streamline complex workflows, improve cash posting accuracy, and provide deeper visibility and control over your cash flow.

"It's been amazing to see how much we've grown together and continue to find new avenues for efficiency. Between our savings on postage and increasing our straight-through processing rate by 20% - Billtrust truly helps us do more with less."

Director of Credit, Leading IT Distributor

Accelerate payment processing
Automated capture and extraction of data reduces time and costs.

Enhance productivity
Intelligent algorithms auto-match with precision.

Uncover strategic insights
Analytics and reporting pinpoint opportunities to improve.

AI automation
- Automatic and accurate extract and payments match
- Consistent learning and optimization

Analytics & reporting
- Easily pinpoint customers with lowest match rates for proactive outreach
- Identify decreases in customer invoice volume or payments
